## STAINLESS STEEL DESCALER/DESTAINER

An organic acid salt cleaner for removing scale, buildup, and stains from surfaces. Effectively removes alkaline product build up. Safe for use on aluminum\*, stainless steel and most other metals when used according to instructions.

**DIRECTIONS FOR USE:** Use 8 to 16 ounces per gallon of hot water (100-140°F). Apply by low mist spraying or soaking, let soak for about 5 minutes. Do not let chemical dry on surfaces. Rinse thoroughly with potable water.

\* Due to large number of grades of aluminum, they all respond differently to cleaning. It is recommended that KC-435 be first tested in an inconspicuous spot before applying to large areas.
