

PC-670 BICARB

FLOOR TREATMENT

WARNING

Causes eye irritation. Prevention: Wash face, hands and any exposed skin thoroughly after handling. **Response: IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

Recommended First Aid: IF ON SKIN (or hair): Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. Wash contaminated clothing and shoes before reuse. Get medical attention if irritation develops and persists. **IF INHALED:** Remove to fresh air. Administer oxygen if breathing is difficult. Call a physician immediately. **IF SWALLOWED:** Do NOT induce vomiting. Drink plenty of water. Never give anything by mouth to an unconscious person. Call a physician immediately.

PC-670 Bicarb is a floor treatment product used to prevent slipping on production floors in meat, poultry, dairy and general processing plants. It contains sodium bicarbonate and cationic quaternary ammonia surfactant which makes it an effective odor control agent in moist environments.

DIRECTIONS FOR USE: Apply in thin layer on food plant floors, either manually or through the use of a drop spreader. Application rate of 10 lbs. per 3750 sq. ft. will deliver an effective level of odor control and prevents slipping of personnel on production floor.

Read SDS before using this product.
