

TECHNICAL DATA

SCALDEX

Description:

Scaldex is a granulated scalding compound and dehairing additive.

Physical Properties:

Appearance – White to tan granules

Odor – Alkaline

pH, 2% solution – 13 ± 1

Foaming – Medium to High

Rinsing – Excellent

Directions for Use:

Use between 1 to 8 ounces of Scaldex per 1 gallon of hot water at temperatures between 100–140°F. Rinse product thoroughly with potable water. Dissolve in cold water only, before addition of hot water or steam. Call your Safe Foods Chemical Innovations representative for additional usage instructions.

Safety:

Corrosive! Contains sodium hydroxide beads. Contact with eyes, skin and mucous membranes will cause burns. Avoid contact with eyes and skin. Avoid breathing dust. Wear appropriate protective clothing, eye protection, and rubber gloves when handling this product. Heat generation will occur upon dissolving in water; dissolve in cold water only.

Read Safety Data Sheet (SDS) before using this product.

Storage:

Store in a cool, dry location. Keep container closed to avoid absorption of moisture.
