

TECHNICAL DATA SHEET

CC TROLLEX LQ

Description:

Safe Foods Chemical Innovations CC Trollex LQ is a powerful blend of caustic and surface active agents. CC Trollex LQ is designed to be used as a heavy-duty trolley cleaner and features outstanding performance on hard surfaces to remove soils and oil buildups. It adheres to and cleans vertical surfaces.

Physical Properties:

Appearance – Brown clear liquid
Odor – Mild
pH – >13
Density – 1.45 kg/L
Foaming – Low/Medium
Rinsing – Excellent

Directions for Use:

Use about 10 - 90 mL CC Trollex LQ per Litre of water in trolley cleaning tank at temperature of 66°C - 88°C. Increase or decrease usage by trial and error. Empty and flush tank when effective cleaning requires more than 60 seconds exposure to chemical bath at temperature of 77°C. Rinse trolleys thoroughly with potable water after cleaning to remove all residues.

Safety:

Danger! Corrosive. Contains sodium and potassium hydroxides. Causes severe skin burns and eye damage. Avoid contact with eyes, skin or clothing. Avoid breathing vapors or mists. In case of eye contact, flush eyes with water for at least 15 minutes and call a physician. In case of skin contact, flush skin with water and consult a physician if symptoms develop and persist. Wash thoroughly after handling. Read SDS before using this product.

Read Safety Data Sheet (SDS) before using this product.

Storage:

Keep containers tightly closed in a dry, cool and well-ventilated place. Keep from freezing.
