MARC™ 3

SAFE INFORMATION MANAGEMENT

SAFE FOODS™
CHEMICAL INNOVATIONS

SOFTWARE FOR INTEGRATED DATA CONTROL

MARC gives every key stakeholder real-time access to the data that matters. Each team has direct ownership of critical insights they need to hit their objectives.
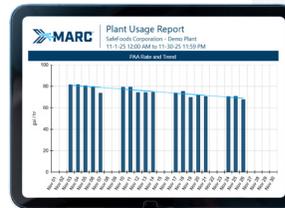

MARC™
MONITOR ▸ ANALYZE ▸ RESPOND ▸ CONTROL

MONITORING

| 1 Individual system | 2 Performance status | 3 Water usage and product chemicals | 4 Tank levels |

ANALYSIS

1. Historical records
2. Use of water and chemicals
3. Statistics
4. Configuration changes
5. Alert trends

> Make data-driven decisions with MARC information.

> Take full control of the safety process.
