

# TECHNICAL DATA

## KC-262 POLYFOAM

### Description:

KC-262 Polyfoam is a high foaming, all-purpose cleaner and degreaser, which contains no phosphates or VOCs. KC-262 Polyfoam can be used as a base concentrate when adding acid or alkaline boosters. It produces a high stable foam for removing soils, especially in hard to reach areas. Works in all water conditions, no additional additives needed. KC-262 Polyfoam may be applied by brush, through a foaming device or by soaking on equipment, utensils, walls, and floors in all departments of meat, poultry, dairy and general food processing plants.

### Physical Properties:

Appearance – Clear blue liquid

Odor – Mild

pH – 7-9

Density – 8.58 pounds per gallon

Foaming – Very high

Rinsing – Excellent

### Directions for Use:

Rinse area to be cleaned with hot water (100-140°F) to remove gross soil and dissolve 1 to 4 ounces of KC-262 Polyfoam per gallon of hot water. Apply with brush, spray, through a foaming device or by soaking, and let stand. Thoroughly rinse with potable water to remove all residue. When using as a foaming additive, only add KC-262 Polyfoam to water diluted acid, caustic, or chlorinated caustic products. Mixing of undiluted KC-262 Polyfoam with other chemical products can create unsafe conditions.

Before use in federally inspected meat and poultry food processing plants and dairies, food products and packaging materials must be removed from room or carefully protected. This product should not come into direct contact with meat, shell eggs, or other food products.

*For full usage instructions, please refer to the product label.*

### Safety:

Danger! Causes serious eye damage. Causes damage to organs through prolonged or repeated exposure.

Harmful to aquatic life. Harmful to aquatic life with long lasting effects.

Read Safety Data Sheet (SDS) before using this product.

### Storage:

Keep in a cool, well-ventilated place away from heat. Protect from sunlight. Keep from freezing.

### Regulatory Status:

KC-262 Polyfoam is NSF registered.

KC-262 Polyfoam is Kosher certified.

KC-262 Polyfoam does not contain ingredients of animal origin or ethanol.
